SAICI

Winter IS Here . . . Is your boat ready?

Please take steps to secure your vessel for the coming winter weather!

- Make sure your automatic bilge pump is in good working order.
- Make sure you do not have oil or fuel in your bilge!
- Ensure that cockpit drains are clear and hatches are closed.
- And lastly, but most importantly, check your boat often, particularly before and after each storm!

Please display your 2022 Port Disk

As of 31 March 2021, all previous disk will no longer be valid.

Please would all Lessees and Renters email copies of your registration discs to the Marina office **BEFORE** sticking these on your boat; and also let us have copies of your up to date Certificates of Fitness (seaworthiness) and Insurance (Public Liability and

Third Party) cover .

Stuff on the Docks?

If you have any stuff on the Walk-ons, please help us out and remove it. Nothing should be stored on the walk-on's but your berth steps (and please don't store any chemicals in or under your steps). The walk-on's must be kept clear. The maintenance staff may remove things that don't belong. Please contact the Marina Office if you have any questions.

Catamaran Mooring Spaces Now Available!
